

TIPS project at Logistic-B2 Match 2013 in Munich On 6th&7th June

TIPS project will be co-organiser of the brokerage event Logistic-B2 Match 2013 hold in Munich on 6th and 7th June 2013.

Logistics-B2 Match is a networking event for Logistics, Mobility and IT taking place during the International Trade Fair “Transport Logistic” in Munich. TIPS aims at supporting transport research projects to transfer innovative research results to the market. This event gives an opportunity to find potential cooperation partners and technological solutions important for the enterprise’s development.

Free entrance to the brokerage event is offered to partners of FP7 transport projects contacting the project coordinator and member of the Enterprise Europe Network (EEN) Steinbeis-Europa-Zentrum. The TIPS website also offers a link to technology offers and demands of the EEN database in the field of transport.
